## Real Estate

Toss and turn all night  
Don't know how to make it right  
Crippling anxiety This crowd was growing old  
If I may be so bold  
Will you go straight with me? I don't wanna die  
Lonely and uptight  
Stay with me  
All will be revealed  
I remember when  
This all felt like pretend  
And I still can't believe Sprung you from your hole  
With everything you own  
As if you weren't already free I don't wanna die  
Lonely and uptight  
Stay with me  
All will be revealed  
I don't wanna die  
Lonely and uptight  
Stay with me  
All will be revealed
