

# Nude As the News

## Cat Power

I still have a flame gun  
For the cute, cute, cute ones  
And I saw your hand  
With a loose grip  
On a tight ship  
I still have a flame gun  
For the cute ones  
To burn out all your tricks  
And I saw your hand  
With a loose grip  
On a very tight ship  
And I know  
In the cold light  
There's a very big man  
There's a very big man  
Leading us into  
Temptation  
Jackson, Jesse, I've got a son in me  
Jackson, Jesse, I've got a son in me  
And he's related to you  
He's related to you  
He is waiting to meet you  
He's related to you  
He's related to you  
He is dying to meet you  
Backhand, role reversal  
Where is someone?  
Backhand, reversible roles  
I know there's someone  
I still have a flame gun  
For the cute ones  
To burn out all your tricks  
And I saw your hand  
With a loose grip  
On such a tight ship  
And I know in the cold light  
There's a very big man  
Leading us into  
Temptation  
Jackson, Jesse, I've got a son in me  
Jackson, Jesse, I've got a son in me  
And he's related to you  
He's related to you  
He is waiting to meet you  
He's related to you  
He's related to you  
He is dying to meet you  
He's related to you  
He's related to you  
He's nude as the news, nude as the news  
Nude as the news, nude as the news  
All over, all over, all over, all over, all over, all over, all over
