

The Downfall of Eden

Eclipse

I'm tired of feeling like a stranger
I'm tired and aching to my bones
So tired we're on the verge of ruin
It's the downfall of Eden
One day you gotta pay the piper
One day is closer than you think
That day too late to raise objections
It's the downfall of Eden
The downfall of us
We're on our knees
On broken ground
Gone to far to turn around
Lost our faith and lost the strength to carry on
No more hope and no more love
Let the children be our judge
It's the down, the downfall of Eden
The king is just a court jester
The king ain't nothing but a fool
The king ain't got it all together
It's the downfall of Eden
The queen is selling you a nightmare
This queen says anything to win
The queen is way beyond corrupted
It's the downfall of Eden
The downfall of us
We're on our knees
On broken ground
Gone to far to turn around
Lost our faith and lost the strength to carry on
No more hope and no more love
Let the children be our judge
It's the down, the downfall of Eden
We're on our knees
On broken ground
Gone to far to turn around
Lost our faith and lost the strength to carry on
No more hope and no more love
Let the children be our judge
It's the down, the downfall the downfall of Eden
