

# Confetti (Remastered)

Tori Kelly

I gotta keep myself in check sometimes  
Cause I tend to dream real big sometimes  
The fancy outfits and the sparkly awards  
My name in lights, the people lined up at the doors  
But I gotta remember to take it one step at a time  
People seem to think  
That you'll be happier, once you reach the top  
You'll have it all  
But I'm livin for right now  
Cause what if tomorrow never comes  
I'm not waitin, I'm not waitin  
For the confetti to fall  
I can't just sit around and wait for my life to start  
I can make a difference, put a little happiness in someone's heart  
The fancy cars, the glitter and the fame  
It's all nice but it won't be worth a thing  
Love is bigger, so imma stand up for love, yeah  
If there was a rope stretching up to the sky  
With all of my dreams at the very top, so high  
I get so caught up in everything around me, movin quickly  
I forget to cherish every single moment I receive  
I forget about the climb, I just wanna get there  
Don't wanna wait in line, even though it's so clear  
That I'm called to use patience on this journey that I'm on  
I know that I'll come out alive and it'll only make me stronger  
Oh oh, while everybody's focused on the hype  
Oh oh, oh oh... I'll be wonderin why we seem to think...
