

Love & Drugz II (feat. Trippie Redd)

Kodie Shane

OZ on the beat, yeah Sometimes I feel so alone
Even when I'm not alone
I don't pick up but they still call my phone
She hate that shit and I know
L-O-V-E H-A-T-E
Love me and hate me you know how it go
T-R-I-P bitch R-I-P
I cannot answer the phone 'cause I'm gone Tryna fight all the demons in my zone
I'm at home all alone, home all alone
They want it bad but they can't take my soul
Man they can't take my soul
Can't take my soul, can't take my soul
Can't take my soul, can't take my soul
Can't take my soul, can't take my soul Love, and drugs
Dealin with this pressure
Love, and drugs
Smokin on this pressure
They want my soul
Yes yes I know
It's just a test and I know Murder she wrote, I wrote it too
I almost lied under oath
You say you hate me, I quote
I love this girl, yes I know
I tell her shut up, she don't
Sometimes don't know what you want
No yes I know what you want
Don't miss that wet like a boat
Sink in that wet, hope I float
I hope a nigga don't choke
Murder what baby she wrote
Murder what baby she wrote, girl Yeah, love and drugs
Love and drugs
Love, and drugs
Dealin with this pressure Love, and drugs
Smokin on this pressure
Love and drugs
Love and drugs
Love and drugs
