

# Melodies & Desires

## Lykke Li

Follow these instructions  
Do exactly as I do  
Lean your shoulders forward  
Let your hands slide over to my side  
Move your body closer  
Let your heart meet mine Love is the harmony  
Desire is the key  
I was the melody  
Now sing it with me Come a little closer  
Take a look at me  
This light is so obvious  
I want you to see  
Come a little closer  
Look me in the eye  
Then repeat with me  
One more time Love is the harmony  
Desire is the key  
Love is a symphony  
Now play it with me Love is the harmony  
Desire is the key  
Love is a symphony  
Now play it with me You'll be the rhythm and I'll be the beat  
You'll be the rhythm and I'll be the beat  
Then I'll be the rhythm and you'll be the beat  
And love, the shoreline, where you and I meet  
You'll be the rhythm and I'll be the beat  
You'll be the rhythm and I'll be the beat  
Then I'll be the rhythm and you'll be the beat  
And love, the shoreline, where you and I meet Love is the harmony  
Desire is the key  
Love is a symphony  
Come, sing some with me
