

# Wavygravy

## Flying Colours

She's loose like Wavy Gravy  
And asked me to lie down on the ground  
She moves just like she's crazy  
And doesn't care who's around  
She always spoke so plainly  
Until the day she left town  
There's a riot now she's coming home  
And though I loved her dearly  
I couldn't keep her around  
Dreaming like a baby  
I care too much to let her down  
It always seemed so easy  
Until the day she left town  
There's a riot now she's coming home  
She's loose like Wavy Gravy  
She's loose like Wavy Gravy
