

Upside Down

I See Stars

Hey! I wish I was anywhere but here
Hey! I don't know what you're talking talking talking about
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl Girl you know that your hard to please
When I'm on my knees sitting here just begging
You know I got to go I got this to do
Don't you understand that it's not the plan to tare you heart in two
This can't hold me down or I'll be on my own again
Hey! I wish I was anywhere but here
Hey! I don't know what you're talking talking talking about
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl
It's just my luck
You said yourself we live and we learn
It's like a scare crow to the flame
You watch me burn
You said yourself we live and we learn Girl you know that your hard to please
When I'm on my knees sitting here just begging
You know I got to go I got this to do
Don't you understand that it's not the plan to tare you heart in two Hey! I wish I was anywhere
but here
Hey! I don't know what you're talking talking talking about
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl
It's just my luck
You said yourself we live and we learn
Well I guess you
You watch me burn
You said we live and we learn
