## **Upside Down**

## I See Stars

Hey! I wish I was anywhere but here
Hey! I don't know what you're talking talking about
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girlGirl you know that your hard to please
When I'm on my knees sitting here just begging
You know I got to go I got this to do
Don't you understand that it's not the plan to tare you heart in two
This can't hold me down or I'll be on my own again
Hey! I wish I was anywhere but here
Hey! I don't know what you're talking talking about
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl

It's just my luck
You said yourself we live and we learn

It's like a scare crow to the flame

You watch me burn

You said yourself we live and we learnGirl you know that your hard to please
When I'm on my knees sitting here just begging
You know I got to go I got this to do

Don't you understand that it's not the plan to tare you heart in twoHey! I wish I was anywhere but here

Hey! I don't know what you're talking talking about
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl
It's just my luck
You said yourself we live and we learn
Well I guess you
You watch me burn
You said we live and we learn
