

# Galileo

## Amy Grant

In the year of 1492  
When Columbus sailed the ocean blue  
Had he landed on India shore  
You may never have come to knock on my door  
CHORUS:  
Who needs a rhyme or a reason  
Some dreams were made to find  
So I know that I must follow  
Ask me just how much I love you  
You are starlight, I'm Galileo  
Even on the darkest night  
Oh, I will find the shining light of our love  
Through the rain clouds, thundering nights  
Mr. Franklin stood there holding his kite  
He was crazy, always pressing his luck  
But he got what he wanted when lightning struck  
\*CHORUS X2  
BRIDGE:  
I believe in you  
In the special love we could share  
And baby one day darlin you'll turn around  
And all I really know is I will be there  
Who needs a rhyme or a reason  
This dream was made to find  
So I know that I will follow  
Ask me just how much I love you  
You are starlight; I'm Galileo  
Even on the darkest night oh  
I will find the shining light, I will find the shining light  
Of our love  
(Gospel chorus)  
Ask me just how much i love (of our love)  
I'm galileo  
Even on the darkest night oh  
I will find the shining light of our love  
Ask me just how much I love you (of our love)  
I'm Galileo
