## Fat Freddy's Drop

There's something natural in the way you touch me  
it's a feeling that I can't describe  
something mystic in that soul connection  
something magic in your misty eyes Don't you say that it's all the same  
don't you say that it's all the same, no  
'cos there's something that I can't explain, 'bout this  
something that I can't explain, yeah yeah I can't explain  
Oh no ooh  
Hey, yeah  
before the night is over  
i wanna shake the question  
i wanna leave it for now  
without another mention  
we should be letting go  
instead of holding on  
but in the eye in my mind  
the mystery is born no use in looking further  
you know it isn't there  
and you can stare all you want  
the answers won't appear  
try to find it but i lose myself  
i lose myself in you  
i said, i lose myself in you  
yes, i lose myself in you  
yeah, i lose myself in you  
breathe easy lovers (x4)  
breathe easy i know you're only wasting time  
breathe easy  
questioning between the lines  
breathe easy  
feeling knows no name  
it is, what it is, and there's no explaining  
what it is, what it is, yeah yeah-eah  
there's something natural in the way you touch me  
it's a feeling that i can't describe  
something mystic in that soul connection  
something magic in your misty eyes don't you say that it's all the same  
don't you say that it's all the same, no  
'cos there's something that i can't explain, 'bout this

something that i can't explain, yeah yeah
