

# Smile

## Slim Thug

[Chorus:]

I'm So Fly

All the haters and the killers tryin' to get me

When I walk by

All the girls wanna take a picture with me

So baby just smile for the camera

For the camera

For the camera

So baby just smile for the camera

For the camera

For the camera.

[Verse 1:]

I got super size swag, I'm honest with the class

Fresh up off the bag, somebody pull out my tag

I guess that's why these haters always lookin' so mad

I guess that's why this girl wanna picture so bad

By hard means fast, while we pose for the fo's

Before rap, I was most chose by the hoes

Before you go she snip me somethin' else on the low

A red dotted list to see me with no clow.[Chorus:]

I'm So Fly

All the haters and the killers tryin' to get me

When I walk by

All the girls wanna take a picture with me

So baby just smile for the camera

For the camera

For the camera

So baby just smile for the camera

For the camera

For the camera.

[Verse 2:]

Beautiful by the bar. You wanna be a star?

Look like a boss in the big house and fancy cars

How bout we make everything that's by ours

For example let me let you hold a black card

And don't worry bout your man, he just act hard

Before he get to you, you gotta go through that squad.

You like swimmin'? I gotta lake in my backyard

I take you on a date to the B.E.T. Awards.[Chorus:]

I'm So Fly

All the haters and the killers tryin' to get me

When I walk by

All the girls wanna take a picture with me  
So baby just smile for the camera  
For the camera  
For the camera  
So baby just smile for the camera  
For the camera  
For the camera.[Verse 3:]  
Keep that ice on our chest...  
And we dress so fly...  
And we stay smokin' on the best...  
So you know a player's so high...  
So baby just smile for the camera  
For the camera  
For the camera  
So baby just smile for the camera  
For the camera  
For the camera.
