

Other Side of the World

[KT Tunstall](#)

Over the sea and far away
She's waiting like an Iceberg
Waiting to change
But she's cold inside
She wants to be like... the water. All the muscles tighten in her face
Buries her soul in one embrace
They're one and the same, just like water
Then the fire fades away But most of everyday
Is full of tired excuses
But it's too hard to say
I wish it were simple
But we give up easily
You're close enough to see that
You're... the Other Side Of The World
to me. On comes the panic light
Holding on with fingers, and feelings alike
But the time has come... to move along.
Then the fire fades away But most of everyday
Is full of tired excuses
But it's too hard to say
I wish it were simple But we give up easily
You're close enough to see that
You're... the Other Side Of The World
Can you help me
Can you let me go
And can you still love me
When you can't see me anymore. Then the fire fades away
most of everyday
Is full of tired excuses
But it's too hard to say
I wish it were simple
But we give up easily
You're close enough to see that
You're... the Other Side Of The World
Ohh... the Other Side Of The World
You're... the Other Side Of The World
To me.
