Kiss My Country Ass

Blake Shelton

Tearin' down a dirt road, rebel flag flyin', coon dog in the back
Truck bed loaded down with beer and a cold one in my lap
Earnhart sticker behind my head and my woman by my side
Tail-pipe's poppin', the radio's rockin', "Country boy can survive"

If you got a problem with that, ha, ha, you can kiss my country assWell, I love Turkey calls,
overalls, Wrangler jeans

Smoke nothin' but Marlboro reds

Tattoos up and down my arms

And deer heads over my bedMy Granddaddy fought in World War Two

But my Daddy went to Vietnam

And I ain't scared to grab my gun

And fight for my homeland

If you don't love the American flag

You can kiss my country ass

If you're a down home, backwoods Redneck

Hey come on, stand up and raise your glass

But if you ain't down with my outlaw crowd

You can kiss my country ass, aw yeah

Aw, yeahWell, there's a whole lotta high-class people out there

That's lookin' down on me

'Cause the country club where I belong

Is a Honky Tonk till three in the mornin'Don't wear no fancy clothes, no ties or three piece suits

You can find me in my camouflage cap

My T-shirt and cowboy boots

If that don't fit your social class

You can kiss my country assIf you're a down home, backwoods redneck

Hey come on, stand up and raise your glass

But if you ain't down with my outlaw crowd

You can kiss my country ass

Well, I'm a front-porch sittin', guitar pickin', moonshine

Sippin' backer juice spittin' country boy from the woods

And I love fried chicken and blue gill fishin'

And outlaw women and I wouldn't change if I could, noI ain't tryin' to start no fight but I'll

finish one every time

So you just mind your own damn business

Stay the hell outta mine, if you got a problem with that

You can kiss my country assI said, "If you got a problem with any of that

You can kiss my natural born, Redneck to the bone

Ever lovin' country ass, that's right
