

# Iron Head (feat. Ozzy Osbourne)

Rob Zombie

What is the purpose?  
Demonoid phenomenon  
Regulate the flux and reflux  
So get it on  
Loose upon the world  
Destruct like a juggernaut Give it to me! Yeah! Yeah! Suddenly the rats are high  
Bleed the masses watch them cry  
Slumber like Houdini's dog  
Die alone out in the fog Iron Head  
Iron Head  
Iron Head  
Crucify you  
Iron head - regenerate!  
Iron head - exterminate!  
Iron head - liberate and crucify you! What is my name?  
A demonoid phenomenon  
Laugh into your face and  
Break and then move along  
Vent upon the brink  
Appear another demi-god Yeah! Yeah! Suddenly forever knows  
What it takes and where it goes  
Paint it black inside your head  
I defy what you have said! Iron Head  
Iron Head  
Iron Head  
Crucify you  
Iron head - regenerate!  
Iron head - exterminate!  
Iron head - liberate and crucify you! Suddenly the rats are high  
Bleed the masses watch them cry  
Slumber like Houdini's dog  
Die alone out in the fog Iron Head  
Iron Head  
Iron Head  
Crucify you Iron head - regenerate!  
Iron head - exterminate!  
Iron head - liberate and crucify you!
