

# Carnage

## The White Buffalo

The day that carnage came to town  
We locked and bolted our doors down  
We laid silent on the ground  
Hoping we will not be found  
As children moan as mother cries  
I hide the fear from my eyes  
We creep down the cellar door  
Underneath the rotting floor Oh, I can't see the light  
Is it day or has darkness come like men  
My brothers fight  
Oh' when will this be done  
Will we see, will we see the sun?  
We hold up stock down in the cave  
Two weeks gone by will we be saved?  
The rats go ahead and steal their share  
For in the darkness we're unaware  
I try to keep the others strong  
We won't last down here very long  
How many lives have our boys gave  
Have we built our shallow grave Oh, I can't see the light  
Is it day or has darkness come like men  
My brothers fight  
Oh' when will this be done  
Will we see, will we see the sun  
Skin and bones we waste away  
Two months gone by no light of day  
Children rocking back and forth  
They don't play much anymore  
The smell of death is in the air  
Our chances are much less than fair  
To leave may be our certain doom  
To stay shelter becomes a tomb Oh, I can't see the light  
Is it day or has darkness come like men  
My brothers fight  
Oh' when will this be done  
Will we see, will we see the sun  
Will we see, will we see the sun
