

# Twist

## Korn

You're not the right one dumb damn rapper  
Not the right goddamn  
Who are you to rap shit take off  
And who says you're right  
On top you think you'r bomb artista  
But you're bent out of oooo right  
Suck my dick  
But don't you think that you're oooo right  
Sometimes things might make me ooo ooo it makes me mad  
And when it happens fuck it Rugged in mind a hint by bite  
Why does it not exist in you?  
Right, shit, why hit in yet another day  
Woo hoo right  
It's not woo hoo right  
But you'r wrong Twist  
Put me in right now make mad  
Prove that you're right  
Somehow you're not right, huh  
But that doesn't make me mad  
Right now you're beggin' for a little brew  
All night  
Yeah it's so simple  
I had some Red Dog, you hand over it
