

# Ladies, Ladies, Ladies (feat. JID & T.I.)

## Dreamville

I always wanted to do one of these type shits  
Uh, I had a yellow girl, called her, "Dandelion"  
She be panty-less, so no panty lines  
She's from Campbellton, north of county line  
Steady hands, never let her count the bands, though  
She fucked me, tryna pluck a couples bucks like a banjo  
Had a girl that was a artist, she could draw, her name Tracy  
She always outta line, making Mona Lisa faces  
And we argue all the time, but we fuck like we crazy  
She said her favorite thing is face painting  
That's a wack thought, ain't wanna kick her to the curb  
Until she asked me, can she say the N word?  
Hey, can I say "nigga" around you?  
Some nerve  
I knew a girl from Jersey who use to love Donny Hathaway  
And she was from Piscataway  
Her brother pulled a gun on me, she told him "Put the gat away"  
I was tapping that ass, I'll never forget the Saturday  
But it don't even matter like D'Angelo and Laur' Hill  
I had a country girl from Alabama down in Mobile  
At that time, she had mo' bills than me  
And she, her, had no time to chill with me  
I still miss her, I wonder where could she be?  
Hand me the Fronto leaf  
Hey, damn bro, I don't think we got no more  
Alght, let's go to the store  
Aight nigga, shit, but we driving yo' shit  
You driving?[Interlude: T.I.]  
Young nigga, you don't know nothing 'bout no bitches  
Listen  
Now as we smoke and ride and reminisce  
I'm thinking back to a time when I was  
young and dumb with single nigga privileges  
I had a chick, her name was Loraine, did anything for me  
On the day she get her hair done, walk in the rain for me  
Pick Sharika up and stole the car, she wasn't ashamed of me  
Trapping hard, slept on the floor, and never complained to me  
My baby went into stores and did her thang for me  
Even ran from police and got it back on the train for me  
Lame to me, half of these bitches, laugh at these bitches  
'Til the point you go on IG and you can rap for these bitches  
Not to say I wouldn't tackle these bitches, given the chance

If it happened, it was destiny, shit was out of my hands

I'm saying...

Man...

They say karma is constant

That means it's just... it's a consistent cycle of...

Good and bad

Coming and going from every source of... life...

Existing on Earth, so...

If I fucked a bitch real good back in the day

You know what I'm saying?

I'm talking like real good and like made her feel, you know

Like the woman that it made her into the woman that she is right now,

then I'd expect somebody should be

coming to fuck me real good any day now

I mean it's karma, right?

Shit
