

# Makin' Good Love

## Avant

I'm doing this for all my ladies  
I know you thinking yo it sound like a lullaby right?  
This is for you  
Getting through  
This is true I got your legs spread all over the bed  
Hands clenched in the sheets  
Hair wild as hell, I know  
The only thing on your mind is sexin' me  
Girl, I can feel your temperature rising  
You should feel my nature too  
Come on you should, it's gonna be a bumpy ride  
Girl, let's do what we came to do  
Girl, when we make love all night  
When we make good love all night  
When we make love all night  
We really make love  
Girl, when we make love all night  
When we make good love all night  
When we make love all night  
We really make love On the balcony ripping the rails  
Slowly I'm pulling you near  
Sayin', "Shh babe, don't make to much noise  
There's alot of peoples who live around here"  
Emotion's running high  
My hands planted on your thighs  
You feel me going up and down  
And round and round and round  
Girl, when we make love all night  
When we make good love all night  
When we make love all night  
We really make love  
Girl, when we make love all night  
When we make good love all night  
When we make love all night  
We really make love Girl, your drive wait in the back seat  
Windows tinted it's getting deep  
Fog all over the glass  
I don't know how long I can last  
With you moaning crazy  
Girl keep on calling me  
I'll take you to exctasy  
And when I'm done, you'll be fast asleep Girl, when we make love all night

When we make good love all night  
When we make love all night  
We really make love  
Girl, when we make love all night  
When we make good love all night  
When we make love all night  
We really make love The house, the boat and the jeep babe  
In the tube in the pool or the beach babe  
Get your grove on  
Get your grove on The house, the boat and the jeep babe  
In the tube in the pool or the beach babe  
Get your grove on  
Get your grove on Girl when we make love all night  
When we make good love all night  
When we make love all night  
We really make love  
Girl when we make love all night  
When we make good love all night  
When we make love all night  
We really make love And I love the way you feel  
Girl, I love you when we are on the floor  
Girl, I love you when we are on the couch  
Yes, I love you when we are in the kitchen  
Girl, I love you when I'm downtown  
Yes, I love you when you're going down  
Girl, I love you when you're all around  
Yes, I love you, I love you baby  
When we make it good love  
When we make it good love
