Circles (Moonlight Matters RMX)

Digitalism

Hello to the good times
When did you leave me behind
I didn't have enough time
For this stuff, on my mindNow when you're trying to rewind
You're caught up in a never-ending circle

we play it again
And again and again
Just give me more
Just the same, just the same

We play it again

Caught up in a never-ending circle

Play it again

You're friends with the madness

Gotta give it some more loving

Cause you can hear what the answers You won't let it beginNow when you're trying to rewind

You're caught up in a never-ending circle

We play it again

And again and again

Just give me more

Just the same, just the same

We play it again

Caught up in a never-ending circle

Play it again

I play it againI play it again

I play it again and again and again

We play it again

Again and again

I just play it again and again

I play it again and again

I play it again and againI play it again and again

I play it again and again

And again and again

And again and again I play it again and again And again and again And again Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
