

Now Is the Time (Ravenous)

10 Years

Appetites reach all time highs
No ones seems to care who dies
Prey on every little thing in sight
It's a kill or be killed state of mind
Anything to stay alive
Never ever show you're terrified
It's a common casualty to trust in what you see
Saints and scholars, don't even bother
The bullet in the blood came from those you love
Friendly fires, death by a liar
Dumb, deaf and blind
Fall back in line
Now is the time to open your eyes
You need it, you want it, you did it, you got it
So act like you own it this time
The coma of lies comfort your mind
You're feeding the fire and bleeding desire
It's down to the wire this time
Focus now on how to gain
Loyalty from enemies
Waiting patiently for when to strike
The bullet in the blood came from those you trust
Friendly fires, death by a liar
Dumb, deaf and blind
Fall back in line
Now is the time to open your eyes
You need it, you want it, you did it, you got it
So act like you own it this time
The coma of lies comfort your mind
You're feeding the fire and bleeding desire
It's down to the wire this time
These ravenous bastards always get what they're after
These ravenous bastards always get what they're after
These ravenous bastards always get what they're after
These ravenous bastards
The vultures swarm in circles like a storm
The carnivores rip into the core
For more and more and more
They rip into the core
Now is the time to open your eyes
You need it, you want it, you did it, you got it
So act like you own it this time
The coma of lies comfort your mind
You're feeding the fire and bleeding desire
It's down to the wire this time
