Yo' shot at they concert, it's locked on the concrete  
I'm Stone Cold, I mean I slap then stomp  
Then what's to stop my .40 glock from rumblin' your calm streets? I'm troubled when I on deep,

Blow holes in ya car seat and roll over ya Rover  
Fuck this role model shit, I'm finna blow out ya wig  
Bitch! Throw bottles to kid and get 'em thrown at ya crib  
It's the return of the worst shit that ever happened  
Reborn like what's crackin', we formed with raw plastic  
Blastin' off ya doors with an awful passion  
Forcin' the walls to crash in  
You see them kids, I'll make 'em all bastards  
Joey Crack keep it gully, known to clap keep a fully  
Automatic mack whodie on my lap doin' thirty  
Drivin' through the Heights tryin' a find these cats that did me dirty  
Shot me on the Ave, now I gotta blast until them pearlies
