

Got It

Marian Hill

I've got this thing
gonna blow your mind
Pulling the string
helping you unwind
You want to know
but it can't be taught
You want to steal
'cause I can't be bought I've got this thing
gonna tie your tongue
Step in my ring
you'll be out round one
You want to feel
but you got no touch
You think it's love
but you think to much
