

Hold Me Love

[RY X](#)

Veil of dawn melts in the walls
Keeps me warm
Hail in vault, pale to fault
We belong
Hold me love hold me love
So I can keep from hiding
Hold me love hold me love
So we can keep from finding me out
We wake in falls spilling them all
Peak in salt
Tonight we crawl hung in the guard
We belong
Hold me love hold me love
So I can keep from hiding
Hold me love hold me love
So we can keep from finding out
Hold me love hold me love
So i can keep from hiding
Hold me love hold me love
So we can keep from finding me out
Hold me love hold me love
So we can keep from finding me out
