

# Top of the World (feat. Big Sean)

Mike Posner

At this time next year I'ma have enough to buy the whole damn thing (thing, thing)

Yeah, I'm doing pretty good right now but I swear just wait (wait)

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world I'ma take it to the top, huh?

I knew it

You came in here solo?

Nah, I crew it

Funny I turned all my, I'm gonna besides do it

It's been ballin' out for a minute

Still play like I'm being recruited

I show improvement

And came up in a game and made a name

Clap it up, seem like yesterday

Man, we was in your hoopy, lapping up

Sometimes you gotta look back on your life

You'll laugh it up

Tryna make it to the top

And throw my dogs a ladder up

At this time next year I'ma have enough to buy the whole damn thing (thing, thing)

Yeah, I'm doing pretty good right now but I swear just wait (wait)

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world(adsbygoogle = window.adsbygoogle || []).push({});

Ain't a artist in the game that can match this

Gym shorts on a date with a actress

And I'm still goin' hip I could

Only try and it still gonna hit

Let the dress go, this ain't retros

Razvu voices with best 'fro

Uh, yours truly

Keep your feelings to yourself, lemme do me

At this time next year I'ma have enough to buy the whole damn thing (thing, thing)

Yeah, I'm doing pretty good right now but I swear just wait (wait)

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world

I'ma take you to the top top top of the world Same old G

I just made a quick replacement

Whip replacement

Flowing down the street, flowing bitch I've been parade  
Everybody round me pay like getting rich contagious Another hit  
Excuse me while I run the basics  
Is this your graduating?  
So yeah I'm feeling boy  
Midwest beard all over Hollywood  
See the way they hating  
See the way I shine

Dexter Av is a big mural, me and Sean At this time next year I'ma have enough to buy the  
whole damn thing (thing, thing)

Yeah, I'm doing pretty good right now but I swear just wait (wait)
