

# All Over

## CRUISR

I ask this guy is he ready to fight and  
I take him to the park  
I ask you girl are you ready to fight and  
You put your dukes up, baby put your dukes up  
Toe to toe with you, losing control with you  
Wanna know would you rip me to pieces  
Toe to toe with you, losing control when you give me the eye  
So get it all over, get it on me  
I just wanna see  
It running all over, running on you  
I just want you to...  
Girl take off that jewelry  
You're gonna make a mark  
Take your time rolling up your sleeves  
And coming at me, coming for me  
Down and out again, down for the count again  
First round, you rip me to pieces  
Down and out again, down for the count when you give me the eye  
So get it all over, get it on me  
I just wanna see  
It running all over, running on you  
I just want you to  
Make a mess of me again  
Just make a mess of me again  
I'm inside out, I'm off the ground  
You got me going kinda mental  
But I'm into it, so I submit to you  
So get it all over, get it on me  
I just wanna see...  
It running all over, running on you  
I just want you to  
To get it all over, get it on me  
I just wanna see  
It running all over, running on you  
I just want you to  
Make a mess of me again  
Just make a mess of me again
