## Kid Trunks

All I gotta say, stay away from the fake  
Ice up on my neck, it look like I just swam today  
I just told that bitch to give me face, get out my place  
We got all Givenchy shop, I plan this day to day  
Make a quarter milli in a month, ain't got a date  
I just wanna feed my family like every day  
You a fake and you a snake, I see it in your face  
Why you talk about me? boy you always say my name I forgot, I'm the one that's 'bout to pop  
I'm the one that's at the top, I'm the one that she gave top, bitch  
I forgot, I'm the one that's 'bout to pop  
I'm the one that's at the top, I'm the one that she gave top, ayy  
I forgot, I'm the one that's 'bout to pop  
I'm the one that's at the top, I'm the one that she gave top  
Ayy, I'm the one that's 'bout to pop  
I'm the one that's at the top, I'm the one that she gave top, you dig  
Bitch I forgot, you not at the top  
You talk behind your phone and your whole family work for cops  
You say you a ganster but you always be with opps  
I seen your bitch walk down the street and then she ask for cock  
You let your homies talk about you right behind your back  
I get the work, I flip the pack, and that's a Fendi fact  
I got Givenchys on my slippers, they ain't come from Saks  
I got my brothers right behind me, you can't fuck with that  
I got the forty with the dick and I'ma let it go  
I got too many bitches throwin' ass and snortin' blow  
And when I pull up, that mean 10K for a show  
I'm Gucci'd down and also I got Polo on my shlo, bitch
