## **Cranes in the Sky**

## Solange

I tried to drink it away I tried to put one in the air I tried to dance it away I tried to change it with my hairI ran my credit card bill up Thought a new dress make it better I tried to work it away But that just made me even sadderI tried to keep myself busy I ran around circles Think I made myself dizzy I slept it away, I sexed it away I read it away Away, away, away, away, away, away Away, away, away, away, awayWell it's like cranes in the sky Sometimes I don't wanna feel those metal clouds Yeah it's like cranes in the sky Sometimes I don't wanna feel those metal cloudsI tried to run it away Thought then my head be feeling clearer I traveled 70 states Thought moving around [would] make me feel betterI tried to let go my lover Thought if I was alone then maybe I could recover To write it away or cry it away (don't you cry baby)Away, away, away, away, away, away, away Away, away, away, away, away Well it's like cranes in the sky Sometimes I don't wanna feel those metal clouds Yeah it's like cranes in the sky Sometimes I don't wanna feel those metal cloudsAway, away, away, away, away, away Away, away, away, away, away
