

# King

## Tamar Braxton

Hear them marching behind you  
Soldiers in line, they're behind you, babe  
I know you give your life for the city  
Can't you hear the bells  
Oh they're ringing for you Cause I believe you're my king, king  
And I believe in my king, king  
So let my love, love surround you  
And let my love, love bring you back  
Oh fear not, cause I'll be with you all the way  
Don't you worry it's almost over  
My king don't you be afraid, fear not  
Fear not  
And when the world starts trembling  
Just say my name  
Fear not, cause I'll be with you all the way  
Fear not, fear not You're a natural leader  
Your words are alive, you're a dreamer, babe  
Your voice is like lightning and thunder  
There's no man that I'd rather be under than you, fear not Cause I believe you're my king, king  
And I believe in my king, king  
So let my love, love surround you  
And let my love, love bring you back  
Fear not, cause I'll be with you all the way  
Don't you worry it's almost over  
My king don't you be afraid, fear not  
Fear not  
And when the world starts trembling  
Just say my name  
Fear not, cause I'll be with you all the way  
Don't you worry it's almost over  
My king don't you be afraid, fear not  
Fear not  
And when the world starts trembling  
Just call my name  
Fear not  
Fear not
