

# Dirty Laundry

## MALIA & Syd

[Verse 1: Malia]

Don't even try to tell me nothin'  
I can see baby you're bluffin'  
Sayin' way to much of somethin'  
Try to wash it away but I knew  
I already saw it coming  
In between all of the coughing  
Somethin' told me not to trust it  
'Cause I knew what you were really up to [Chorus]  
You can go and air it out  
Baby I know your whereabouts  
You hangin' out, leave me up to dry  
Got me by a thread hangin on the line  
Air it out  
You can go and air it out  
Wear it out  
No more dealing with your dirty laundry

[Verse 1: Syd]

Lets face it  
I'm cleanin' out the basement  
What we had is fadin'  
It's true  
Nothin' 'bout this love is brand new  
You keep on talkin' to me making me believe  
That I'll do you right and give you what you need  
I packed your bags for the laundromat  
And once you leave, ain't no coming back [Chorus]  
You can go and air it out  
Baby I know your whereabouts  
You hangin' out, leave me up to dry  
Got me by a thread hangin on the line  
Air it out  
You can go and air it out  
Wear it out  
No more dealing with your dirty laundry

[Bridge]

Oh

No

I don't really wonder

Oh

No

[?]

Don't make them dirty sheets  
'Cause you ain't ever coming clean  
So I don't want your company  
Nah nah nah[Chorus]  
You can go and air it out  
Baby I know your whereabouts  
You hangin' out, leave me up to dry  
Got me by a thread hangin on the line  
Air it out  
You can go and air it out  
Wear it out  
No more dealing with your dirty laundryAir it out  
Air it out (you can go and air it out)  
Air it out
