Hot topic (yea), yeah we poppin' (pipe up)  
Bad bitch, Mona Lisa (aye)  
Thousand miles just to meet ya (aye)  
Now I won't wanna keep her (aye, no)  
It's cheaper to leave her (yea)  
Check out and know that I be the topic

Got a bad bitch she live on the islands  
When we together we stylin'  
Put her on a mission she up for the cha'

It's cheaper to leave her (yea) Yeah, It's cheaper to leave her  
So if she fuss I'mma leave her  
Shorty must think that I need her  
I tell her 'watch out bitch I'm not a believer'  
I just be smokin' my weed up  
Ain't got no time for no skeezer  
Ain't got no time for no fever  
I'm gettin' a headache I'm drinkin' my lean up  
You spendin' your re-up, I get it for free  
I'm driving a 6 and I'm all in the streets  
I ride with a bitch and she holdin' my weed  
I ride with a stick for who want it with me  
The one I delete, think I won't pull up and jump out the V  
I'm dumpin' the heat, all of these bullets they come on repeat  
Hot topic, yeah we poppin'  
All of these bitches I know they watchin'  
Hot topic, yeah we poppin'  
In Santo Domingo so many options Hot topic (yea), told her pop it  
Money in my pocket (oh, cash)  
We hotboxin' (hotbox)  
In the tropics, yeah we on a island (yeah)  
Ye, ye, ye, yeah  
Hot topic (aye), yeah we poppin' (oh)  
Hot topic (yea), yeah we poppin' (pipe up)
