Deus In Absentia

Ghost

Ain't this your time of need? You're turning to the light You had just begun to explore the dark In the urban nightThe world is on fire And you are here to stay and burn with me A funeral pyre And we are here to revel forever moreYou're so godamn frail Failing for a change You just had to know all about the world But you will never know 'Cause no one ever told you how The world is on fire And you are here to stay and burn with me A funeral pyre And we are here to revel foreverThe world is on fire And we are tied as one eternally A funeral pyre And we are here to revel forever moreAll of your imaginations Are now running down your face All of your imaginations Are now running down your faceOh you are looking good Payback in disgrace And you are doing fine worshipping your lord Standing in his grave 'Cause no one ever told you how The world is on fire And you are here to stay and burn with me A funeral pyre And we are here to revel foreverThe world is on fire And we are tied as one eternally A funeral pyre And we are here to revel forever moreDeus Deus In Absentia In Absentia Deus In Absentia
