

# Novacaine

## 10 Years

With dirt on your knees and blood in your teeth  
You want life to lead you to believe in something

But it's coming

Oh oh, the numbing

So we dive on in to the deeper end

For a blissful kiss from Judas' lips

But it's coming

Oh yeah, the numbing Super novacaine

(You're dead as dead can be)

You won't feel a thing

Sleepwalking

(You're dead as dead can be)

You won't feel a thing

Analysed and diagnosed

Over exposed to the undertow

You'll never know it's coming

Oh oh, the numbing

So you meditate or medicate

To maintain with a getaway

But it's coming

Oh yeah, the numbing Super novacaine

(You're dead as dead can be)

You won't feel a thing

Sleepwalking

(You're dead as dead can be)

You won't feel a thing

Super novacaine

(You're dead as dead can be)

You won't feel a thing

Sleepwalking

(You're dead as dead can be)

Living in a dream Super novacaine

(You're dead as dead can be)

You won't feel a thing

Sleepwalking

(You're dead as dead can be)

You won't feel a thing
