

# You Got Me Cryin'

Boz Scaggs

I've got a little girl  
And when she holds me in her arms its out of this world  
She helps keep that world  
She's gotten me crying a valley of tears  
You know who they are, because you know how I feel  
You got me crying, oh yeah, you know who you/they are Now now you know darling, that you  
thrill me so  
I'm telling you honey, you don't have to go  
You gotten me crying a valley of tears  
You know who they, are because you know how I feel  
You gotten me crying, oh yeah, all the way home  
And now you know darling, that you thrill me so  
I'm telling you honey, you don't have to go  
You gotten me crying, a valley of tears  
You know who they are, because you know how I feel  
You gotten me crying, oh yeah, all the way home
