

# So Lady (feat. Raphael Saadiq)

Mary J. Blige

I feel so lady (I feel so lady)  
When I'm with you, when i'm round you  
I feel so lady (I feel so lady)  
When I'm with you, when I'm round you (3x's) I feel so lady I... I never thought I could feel so  
much like a lady  
It's good to have doors open for me  
By a real man, who wants to hold my hand  
And he's not ashamed to be out in public with me  
It's the simple things that really turn me on  
Like being kind, being warm to me that makes a man look strong  
And that's why I don't mind spending all my time with him  
I feel so ummm ummm  
I feel so lady (I feel so lady)  
When I'm with you when I'm round you  
I feel so lady (I feel so lady)  
When I'm with you when I'm round you (2x's) I... I never was the type  
To wear high heels and all that stuff but now I even wear make-up  
Because you make me feel like it's alright with you  
So it's alright with me  
Boy you changed my mind about this whole thing  
So I cross my legs and sit up straight  
I can wait for our next date  
And I really love the new me and its because of you she's who I want to be I feel so lady (I feel  
so lady)  
When I'm with you when I'm round you  
I feel so lady (I feel so lady)  
When I'm with you when I'm round you (2x's)  
I didn't know how to be a lady  
I didn't know I really had it in me  
You showing me the thing that God has given  
I feel so lady (3x's)
