

# She Loves My Cock

Jackyl

See the bird on the barstool she's waiting on a jerk  
If yes she likes the way he looks she'll put his ass to work  
And you know she's been all around the block  
Tried a doctor, lawyer, even tried a jock But she loves my cock  
Loves my cock  
Loves my cock  
Loves my cock Baby ain't no need to change it, that's just the way it is  
She got to find a bigger jerk, she got to have his jiz  
And you know she's been all around the block  
She's tried a doctor, lawyer, even tried a jock  
But she loves my cock  
Loves my cock  
Loves my cock  
Loves my cock As many hands on her as the knob on the door  
She's such a pretty, pretty, pretty, pretty, pretty, pretty little whore  
To get to my cock she would walk through the flames of hell  
'Cause I can always tell when she's coming, I can always tell She loves my cock  
She loves my cock  
Loves my cock  
Loves my cock She loves my cock  
Loves my cock  
Loves my cock  
She loves my cock  
Loves my cock  
She loves my cock  
Hold on I gotta hard-on for you
