

Luv Back

Jazmine Sullivan

Oh I won't stay another minute, you and me but now we're finished.
Gave my love but now I want it back.
You were the cause of so much sorrow, but you gon' be sad tomorrow.
Gave my love but boy you want it back. Baby I. I. am so over you and it ain't take long to find
somebody new.
He's everything I wanted and he's everything you wasn't and I know he'll never treat me like
you do.
It's funny when I think about the past, when I was so naive to think that things would last. But
now that I can see that you were never good for me, and it's over so you can give my love back.
Help somebody! Give me my Love back love back my love back love back.
You think I'm staying but I won't,
Just give me my love back love back my love back love back.
You think I love you but I don't!
Help somebody!
Baby I. I. am so over you and it ain't take long to find somebody new.
He's everything I wanted and he's everything you wasn't and I know he'll never treat me like
you do.
It's funny when I think about the past, when I was so naive to think that things would last. But
now that I can see that you were never good for me, and it's over so you can give my love back.
Help somebody! Give me my love back love back my love back love back. You think I'm
staying but I won't.
Just give me my love back love back my love back love back.
You think I love you but I don't.
Help somebody! You can have another thing boy What you say I hope you had your fun
cause...(Gave my love but I want it back I want it back I want it back)
You had your chance but I'm over that,
Boy you took to long, but you gon' miss me when I'm gone You think I'm staying but I won't.
Just give me my love back love back my love back love back.
You think I love you but I don't.
Help somebody!
I won't stay another minute, you and me but now we're finished.
Gave my love but now I want it back.
You were the cause of so much sorrow, but you gon' be sad tomorrow.
Gave my love but boy you want it back.
Help somebody!
