

# Best Days

## Lissie

When I tell you baby that I got a problem  
You say, "Honey, hold on. I got it."  
What you gotta say is you don't know anymore  
Everybody's got 'em, it's a big bad world  
But I, I want more  
I wanna know what it's all for 'Cause the best days of my life are coming for me  
Waiting to be realised  
I keep my eye on that prize  
If the best days that I know are just in the past  
Am I gonna last forever?  
I want more best days  
I could've stayed in college but I didn't wanna  
I dropped out and moved to California  
Left Ojai for the next best thing  
Got a pick-up truck  
I want a diamond ring  
Oh, oh 'Cause the best days of our life are coming for us  
Waiting to be realised  
And it's not a surprise  
If the best days that we'll know are just in the past  
Are we gonna last forever?  
I want more best days I want more best days  
I want more best days  
I want more best days  
I want more best days  
I want more best days  
I want more best days  
I want more best days  
'Cause the best days of my life are coming for me  
Waiting to be realised  
I keep my eye on that prize  
If the best days that I know are just in the past  
Am I gonna last forever?  
I want more best days I'm gonna last forever  
I, I, oh I, I, I  
Oh, oh, oh, yeah  
'Cause the best days of my life are coming for me
