Trae tha Truth & The Worlds Freshest

(Hook)

Yea, I be on my prime
I be on that, I be on that full clip and my 9

Niggas ain't lookin for the good good smoke, tell them hoes that it's on the east side
Tell them hoes that I'm on the east side, tell them hoes that I'm in the East Bay
Tell them hoes that I'm with Jose and the U-hall trucks gonna ship today
Tell them hoes that that I got that pack, 5 note man I brought that back
In the strip club with them racks, hoe know I got that sack

(Verse)

Maneuvering through a block full of gangstas
Wheelin on they territory like Picasso sprayin, assess the danger
Ever since I got up and got out my major I was dedicated
Dreamin on the flow but now the flows don't want me elevated
Palamino penthouse, graduated the rent house
40 stories above, the bucket niggas tryna get out
Policy guarantee haters, get the messenger send out
Pull up on them then go the fuck in, that's what I been bout
Exquisite taste, summer in the gym to match my ego
200k, hit the valley mansion my amigo
So we're lost in something, that engine move at the speed of light
Bitch get exposed on sight, you know where she gon be tonight
That's oh God, I bless they game
Take em out the racks and re-design em
That's something that cost some change
Even if I switch up on em, your highness they will adapt it

Been to my shop and hit the trap just to tell em the paper second(Hook)
Yea, I be on my prime
I be on that, I be on that full clip and my 9
I be on that break a whole round of kush, all down to dimes
Niggas ain't lookin for the good good smoke, tell them hoes that it's on the east side
Tell them hoes that I'm on the east side, tell them hoes that I'm in the East Bay
Tell them hoes that I'm with Jose and the U-hall trucks gonna ship today
Tell them hoes that that I got that pack, 5 note man I brought that back
In the strip club with them racks, hoe know I got that sack(Verse)
Elegant thuggin, hunned K in that Louie luggage
I'm big pimpin like Pimp C in that Gucci bucket
My coupe disgustin, little Weezy voice ya up
Mercy, whip the doors up, now Yeezy it's ya boy Yuck
Bang, Dragon Gang in this thing nigga
Piece, teeth, watch and the chain, Johnny Pain nigga
Galleria shop up and cop a Versace frame nigga
Can't flip but puts the back of Range, I'm a vague nigga
Nigga and I'm a asshole by nature
Selling that big daddy caine on the block, they caught the vapors
Houston Cali Vegas, ballin now fuck you haters
Like Bron I took my talents down south for that paper
Shout out to Chief and Jay Prince, ya nigga been paid since
Hermes Loubuttons, Spike and suede shit
Ya nigga went from cookin hard white in the basement
To rockin mics with the ankle bracelet
Gangsta(Hook)
Yea, I be on my prime
I be on that, I be on that full clip and my 9
I be on that break a whole round of kush, all down to dimes
Niggas ain't lookin for the good good smoke, tell them hoes that it's on the east side
Tell them hoes that I'm on the east side, tell them hoes that I'm in the East Bay
Tell them hoes that I'm with Jose and the U-hall trucks gonna ship today
Tell them hoes that that I got that pack, 5 note man I brought that back
