

# The River

## Son Little

Many a moon  
Comes away at night  
Many a moon come  
And shine the light  
Taking her clothes off  
It breaks my mind  
Taking her clothes off  
'Gon take off mine  
Want you so bad  
It's like I'm out of time  
Want you bad  
I had to break your mind  
Give me your love baby  
All the time  
Give me your love baby  
You got mine  
Now  
Walk me to the river darlin  
Rock me in the river darlin?  
Don't lie 'til you  
start to shiver about it  
Walk me to the river darlin Most of my friends  
Now they've blown me off  
Most of my friends  
'Gon and blown me off  
Can't really blame em baby  
I got lost  
Can't even blame em baby  
I fell off  
Deep in the woods girl  
Where we get off  
Deep in the woods  
Girl where we get off  
Run with the wolves girl  
I'm Never lost  
Run with the wolves girl  
Ain't never lost Now Walk me to the river darlin  
Rock me in the river darlin  
Don't lie 'til you  
Start to shiver about it  
Walk me to the river darlin Twenty to 7 baby  
time to rise 20 to 7 baby

time to rise  
Heart is blazing blue  
Electric fire  
Heart is blazing blue  
Electric fire  
Want you so bad  
It's like i'm out of time  
Want you so bad  
I had to break your mind  
give me your love baby  
All your time  
Give me your love baby  
You got mine  
Now  
Walk me to the river darlin  
Rock me in the river darlin  
Don't lie  
Til you  
Start to shiver about it  
Walk me to the river darlin  
Now  
Walk me to the river darlin  
Rock me in the river darlin  
Don't lie  
Til you  
Start to shiver about it  
Walk me to the river darlin  
I need you now  
With? gone  
I love you  
More and more and more  
Where have you gone  
Gone, gone, gone  
Whoa, whoa  
Happy now?  
Now, now, now
