Sound of the Sea

Stick Figure

This boat is sinking, down to the ocean floor We're still drinking, drinking from the night before I'm wishing, I'm wishing right now I was fishing I'm thinking, I'm thinking but my mind's not listening I never felt so far away I never lived before today It's been a while, since I've seen your face It's been a while, time to turn the pageI wanna go home, I wanna go home I wanna feel the way I did I wanna go home. I wanna go home Back, back to the way it was I got a feeling, and this feeling won't go away I'm not leaving, I'm waiting for a brighter day I'm not leaving, and good things are coming my way So keep dreaming, I'm feeling like I'm dreaming alwaysIt never felt so strange to me And my guitar is all I need It's been a while, since I've been down this road and it's been a while, and good things come and goIf the sun is getting closer Then why does it feel so cold And in the eyes of the world I'm older And I can't sing it much longerI wanna go home, I wanna go home I wanna feel the way I did I wanna go home. I wanna go home Back, back to the way it was I'm just a little bit longer The music making it stronger I'm just a little bit longer

My music making it stronger
Just a little bit longer
My music making it stronger
Just a little bit longer
In the eyes of the world
