

Faces (feat. Lucky Daye)

Buddy

Boy, bye, you're a fuckin' lame
You was talkin' all that shit, now you butt naked at my spot
Baby, it ain't all asses, I just wanna get a lil' top, top
Take another hit of this shit, have a little fun girl, why not?
Never done it like this, when we get started, girl, don't stop, don't stop
We makin' fuck faces

Now we makin' fuck faces
Me and her makin' fuck faces
Late night makin' fuck faces
Hand on her throat fuck faces
Put it in slow, fuck faces
Seven in a row, fuck faces
All night long, fuck faces
Hello, it's yo fantasy
Know what you been waitin' to see
Baby, be patient with me
'Bout time that we get involved
Girl, you be doin' too much
Fuck what you talkin' 'bout
Take off your shoes in my house
We go through rounds and more rounds
It's something about you
I don't wanna be around you
Pussy so wet and too deep

Bust it open for me
You was talkin' all that shit, now you butt naked at my spot
Baby, it ain't all asses, I just wanna get a lil' top, top
Take another hit of this shit, have a little fun girl, why not?
Never done it like this, when we get started, girl, don't stop, don't stop

We makin' fuck faces
Now we makin' fuck faces
Me and her makin' fuck faces
Late night makin' fuck faces
Hand on her throat fuck faces
Put it in slow, fuck faces
Seven in a row, fuck faces
All night long, fuck faces
She grippin' on my chain when we fuck
Yeah, she came in with us
Tell me, is it love or the lust
On the train or the bus
Gettin' brain on the plane
Baby, welcome to the mile high club
But she stay for the drugs
Ain't a thing to discuss
Sweppin' everything under rugs

Baby said she can't get enough
'Cause a nigga dangerous, dangerous
And I don't remember last night
Can't remember last night, last night
Hennessy on ice, got a nigga excited, excited
Slid it to the left side, hit it from the back side, that's right
Fuck it 'til you love me
We don't get no sleep, no sleep We makin' fuck faces
Now we makin' fuck faces
Me and her makin' fuck faces
Late night makin' fuck faces
Hand on her throat fuck faces
Put it in slow, fuck faces
Seven in a row, fuck faces
All night long, fuck faces Ooh
Ooh
Ooh
Ooh
