

# River Water

## Moon Taxi

We had enough  
To last a couple of days  
We found a place  
To park and set on our way  
We walked for miles  
And left the path far behind  
We found a place  
By the riverside And we danced in the River Water  
We spent the night  
Under the stars all alone  
And it was like  
Nothing else that I've ever known  
And all we heard  
Was the sound of the wind through the trees  
And all we felt  
Was the chill off the water in a breeze And we danced in the River Water  
Now you're waiting for me by the shore  
There's nothing else I'm asking for  
Don't you want to Dixie Swim?  
Come on and jump right in  
And we danced. And we danced in the River Water
