

The Time I've Wasted

[Lori McKenna](#)

I could have walked around the world a couple times
I could have swam across the ocean and back again
 Made a wish on every star that Galileo drew
 For all the time I've wasted on you
 I could have downed a million beers in Mexico
Counted every piece of gravel on a long country road
Sailed that slow boat to China right up to the moon
 For all the time I've wasted on you
Time goes by and when it's gone it's gone and you realize
 Time just lies and you did not move on
 No, you just cried you just cried
 I could have filled the Mississippi river with my tears
No telling what I could have done with all these years
 I could have dug out the Grand Canyon with a spoon
 For all the time I've wasted on you
Time goes by and when it's gone it's gone and you realize
 Time just lies and you did not move on
 No, you just cried you just cried
 For everything I've lost I'm not mad at love
I'd even give it one more day if I thought it would be enough
I could have served five life sentences for a crime I didn't do
 For all the time I've wasted on you
