

Baby (feat. MNEK & Sinead Harnett)

Rudimental

Baby
Baby I've been staring down your way
Don't know exactly what to say
I'm wondering if you feel the same Because every time I'm looking down
The questions what you're dancing around
I'm sick of playing silly games Tell me, am I the type you go for?
Am I just wasting my time?
Should I carry on? Or should I say no more?
All of the things running through my mind
Oh tell me, tell me baby Baby
Baby Every single night and day
I wonder if it's just a phase
Or is it really something here? (Something here)
'Cause whenever that you're near to me
I feel it in my energy
Just put me out my misery Tell me, am I the type you go for?
Am I just wasting my time?
Should I carry on? Or should I say no more?
All of the things running through my mind()
Oh tell me, tell me baby Baby
Baby Tell me, tell me, tell me
Baby
Baby
Baby
Baby
Baby
Baby
