All for Nothing (feat. Page Hamilton)

LINKIN PARK

Yeah

Uh

So whatcha waiting for?

Anticipating more

Why you debate what it can take to instigate a war? Yeah I've been hating on the time I wasn't hated for There's nothing they can fucking say they didn't say before But you could never see it, your battle's not mine Wanna skate and play it safe but this is take a shot time

You're waiting for a purpose, I already got mine While you tell me step to it like 1, 2, 3, 4!

And if I do what you demand.

You say

You'll let me understand.

You say

You're gonna hold me to your word

And if I sell myself away.

You say

I'll have no debt to pay.

You say

I'm gonna get what I deserve

WoahYou word

Obey

My debt

Repaid

Our trust

Betrayed

All for nothing

All for nothing

Came back, there's no other way to say it

So let me break this fucker down for ya

I really don't know ya

You're talk, but let me show you where to put your paranoia Your're joking I don't have a half a sucker bone to throw yah I'm disgusted wonder what's gonna make you tuck your tail below ya And no I'm not your soldier, I'm not taking any orders

I'm a five star general infantry controller, need a lesson, let me show you.

Have you checking your composure while I make you step to it like 1, 2, 3, 4!And if I do what you demand.

You say

You'll let me understand.

You say

You're gonna hold me to your word And if I sell myself away.

You say

I"ll have no debt to pay.

You say

I'm gonna get what I deserve WoahAnd if I do what you demand. You'll let me understand.You word

Obey

My debt

Repaid

Our trust

Betrayed

All for nothing

All for nothing All for nothing

All for nothing

Oh oh oh oh
