

# It's All On U (feat. Liam O'Donnell)

## Illenium

At first I didn't think that I was cut enough to bleed  
Then I saw my secrets getting swallowed by the sea

Through a telescope

I saw a diamond glow

How you brought me home

I guess I'll never know With god as my witness

Never had it so good

Jumping into love

Fire sets to dry wood

Started off as nothing

Now it's gold

And it's all on you

With god as my witness

Never had it so good

Jumping into love

Fire sets to dry wood

Started off as nothing

Now it's gold

And it's all on you (I get my kicks from you)

(I get my kicks from you) Can't see, dark road, driving up the hills

Looking at the girl, hand barely on the wheel

Got no where to go

But we can take it slow

How you brought me home

I guess I'll never know (I get my kicks from you)

(I get my kicks from you)

With god as my witness

Never had it so good

Jumping into love

Fire sets to dry wood

Started off as nothing

Now it's gold

And it's all on you And it's all on you

And it's all on you

And it's all on you
