

Everybody Get Up

Fred Hammond

From the rising of the sun
Until it goes away
Again we love to say we love you
You brought us safe this far
We really gotta say
Thank you for bringing us on through I may not have everything I want to have
And I may not be everything I want to be Ooohhh
Lord you gave me everything I really need
And right now I want to thank you for
Being so good to me
Everybody get up and give Him the praise
For the mighty love of God is in the place
For all of your goodness mercy and grace
Lord we bless your name today
Yes we bless your name today
Get up now C'mon just get on up
Ya got to just get on up
C'mon now just get on up
Ya got to just get on up
Get get
For the joy and for the pain
The sunshine and rain
We want to still give you the praise
Even when I've walked away
And refused to seek your face
You've always loved on me sayyy
I may not have everything I want to have
I may not be everywhere I want to be
But Lord you gave me everything I really need
And right now I want to thank you
For being so good to me Everybody get up and give Him the praise
For the mighty love of God is in the place
For all of your goodness mercy and grace
Lord we bless your name today
Yes we bless your name today Get up now
