What's up y'all? It's the mean-ster green-ster
This should be played in residential neighborhoods
Clubs, cars, at high volume

We some no limit soldiers 'til the day that we die
And everybody in my click be rowdy
Oh, boot up, or shut up, or get routed
I'm from the streets and I hang with killers
I make music by the ghetto for the thugs and killers
Wodie respect my hood, screamin' CP3
Nigga and Magic and Snoop, over there with me 'Cause I'm a uptown nigga so fuck y'all niggaz
If we got problems we gon' bust them triggers
Throw them thangs boy, like Sugar Shane Mosley
