

Goddess (feat. G-Eazy)

MOD SUN

I wanna runaway with you
Runaway with you Yeah, she a goddess
Uh, yeah Runaway with you
Runaway with you
She a goddess
She a goddess
I'm just being honest
Runaway with me
I swear goddess
'Cause you the finest
Deserve the finest
They'll never find us on an island
We'll be smiling
We'll be shining
We'll be styling
On and every summer
Make up for every bummer
I'll treat you like you undiscovered
Never find a better lover
And that's a promise
Time is upon us
So skip the conversate
Find a squatter
